

HAZARD IDENTIFIED	WHO MIGHT BE HARMED	LEVEL OF RISK HIGH / MEDIUM / LOW	CONTROL MEASURES IN PLACE	ACTION NECESSARY TO REDUCE RISK
Caravan and Camping area, with electric sockets.	Participants and Coaches.	Medium.	Safety talk and constant supervision.	Get everyone to avoid this area.
Powerlines by the Anglers car park.	Participants and Coaches.	Medium.	Safety talk and constant supervision.	No fishing of the swims near the powerlines. No taking Poles, Whips and Rods that are set up round the lakes to the car park.
General public walking round on the footpaths and with dogs.	Participants and Coaches.	Low.	Safety talk and constant supervision.	Make sure participants don't interact too much with the public and their animals. If they do, must be a coach or mentor with them.
No Life Rings around the lakes, or River.	Participants and coaches.	Medium.	Safety talk and constant supervision.	Make sure coaches have throw ropes on them or near them at all times. Make sure the participants are never left on their own without a Coach, Mentor or qualified adult.
River Hiz and the little brook.	Participants and coaches.	Low.	Safety talk and constant supervision.	Never use the river or brook when in flood or with the water level rising. Only use with small groups in the shallower and slower parts.
